

SUPREET ARADHYA

Wildwood, MO | (636) 484-6411 | aradhyasupreet@gmail.com
LinkedIn: linkedin.com/in/supreet-aradhya | GitHub: github.com/ItsNotRock3tSci3nc3

Technical Experience

- **Programming Languages:** Java, Python, C++, C#, C, HTML, PHP, SQL, JavaScript (Next.js & React frameworks)
 - **Tools & Systems:** Docker, Git/Github, QGIS, UNIX, Bash Scripting, SSH, Networking
 - **Specializations:** Databases, Autonomous Systems, Precision Agriculture Robotics, IoT systems
-

Project Samples

- **Autonomous Robot Navigation System:** Python based controller which uses RTK and IMU data to navigate GPS waypoints using lookahead steering. Cross Track Error (XTE) reduced to 1.78 meters after 4 weeks of development.
 - **Formula 1 Data Visualization app:** next.js based application designed to visualize data provided by an API backend. Purpose of the project is to expand JavaScript abilities and learn how to work with APIs
-

Work Experience

Technical Lab Assistant – University of Missouri – Columbia, MO **June 2025**

- Developed and deployed autonomous robot programs, improving navigation accuracy for precision agriculture; **reduced cross-track error (XTE) to 1.78 m** in preliminary field tests after **4 weeks**
- Designed networking solutions and containerized robotics workflows using Docker, Git, and Linux, **streamlining deployment and reproducibility**
- Integrated geospatial data into robotic systems with Python to enhance precision field-mapping and path-planning capabilities

STEM Intern – Lavner Education, St. Louis, MO **June – July 2024**

- Delivered hands-on STEM classes (Python, robotics, game design) to **100+ students, ages 5–14**.
- **Simplified technical concepts** and adapted lessons on the fly, building strong **communication and leadership skills**.

Host – Olive Garden, Chesterfield, MO **July 2023 – August 2023**

- Coordinated guest seating and optimized flow in a **200+** seat restaurant.
 - Built **conflict-resolution** and **quick decision-making skills** in a high-pressure environment.
-

Education

University of Missouri – Columbia, Columbia, MO - *Anticipated Graduation: May 2027*
Bachelor of Science in Information Technology | Minor in Computational Neuroscience

Leadership Experience

Team Lead – Robotics Team, Chesterfield, MO **Sept 2019 – Apr 2023**

- Programming team lead for 3 years, pioneered advanced movement algorithms for the team. Contributions directly lead to qualifying for **World Championships 3 years in a row**.

Director – Mizzou Engineering Student Council (MESC) – Columbia, MO

- Director for the 2025-2026 school year. Tasks consist of **collaborating** with other organizations, organizing events, **budget and team management**.
